You Said	We did
General ASB could be targeted harassment or general nuisance behaviour. Whether that be youths loitering/congregating and causing distress to the local community, or minor low level neighbour disputes which involve in behaviour that requires intervention by the appropriate agencies such as Police, Housing Associations and/or Blaby District Council.	Officers are currently dealing with numerous neighbour issues. These are predominately ASB including noise, music, swearing and general anti-social behaviour. We have met with the Environmental Health and the local housing association will be taking proactive action.
It has been reported to Leicestershire Police that the community are growing concerned around individuals presenting themselves in suspicious circumstances which sub-sequentially involve drug dealing or the intake and misuse of illegal substances.	Intelligence has been received in relation to 2 properties on the beat where suspected growing and dealing are taking place. Further intelligence will be gathered to support this.
Road safety and speeding through the villages has been identified to be the highest reported issue for the NH24 Fosse Villages Beat.	Officers are actively targeting those that speed through our villages. Main Street in Huncote was one such place where a vehicle was stopped due to its manner of driving, it also had no insurance and was subsequently seized.

News

We would like to provide you with an update regarding a series of residential burglaries that have recently occurred across Stoney Stanton and surrounding villages across the Blaby District. Firstly, I just want to reassure our communities that these offences are being treated with the upmost seriousness. Detectives, neighbourhood officer, PCSO's and specialist teams are actively investigating every incident and all possible lines of enquiry. Unfortunately what we are seeing is not an issue which is isolated to one street, one village or even one policing area. It seems that similar incidents have been reported across other forces and intelligence suggests those responsible are travelling significant distances to commit these crimes before quickly leaving the area. One trend that has been noted is the targeting of high value and high performance vehicles, please be mindful of where you store your keys and ensure they are in a Faraday Bag. Please be mindful of unknown vehicles in your street, strangers walking past your property that may be taking a keen interest in your vehicle or vehicles parked up with occupants sitting in their vehicles late at night. Even if you don't want to call us, please make a note of the vehicle registration, every piece in the puzzle counts.

From 17 October, Leicestershire Police safety camera vans will be carrying out seatbelt monitoring as part of a pilot road safety project. Failing to wear a seatbelt is one of the Fatal Five behaviours most likely to result in death or serious injury. During the pilot, motorists found not wearing a seatbelt will receive a warning letter explaining the dangers. A seatbelt is your best protection in a collision. Make sure everyone in the vehicle is buckled up before every journey.

We have seen a concerning rise in couriers fraud offending over recent weeks. Despite previous methods to raise awareness within our communities we are continuing to see similar offending continue across the force. If you have elderly relatives or friends, please look at the information on the following pages in relation to Operation Blue Mountain and spread the word.

OP BLUE MOUNTAIN

East Midlands Special Operations Unit

Operation Blue Mountain aims to tackle courier fraud. This type of fraud targets elderly and vulnerable victims.

How does it happen?

- The victim receives a phone call from a person purporting to be a police officer informing them that there has been fraudulent activity on their bank account. They are instructed to withdraw their savings and hand it over to the bogus police officer for examination. This is a scam.
- The victim may also be informed that bank staff are involved.
- They are told to go to the bank to withdraw their money and may be told to give a false reason for withdrawing their money if questioned at the bank. This journey may be made in their own vehicle or a taxi.
- The victim leaves the bank with their money, sometimes their life savings, and goes back to their home where they are met by a 'courier' (criminal) who collects the money.
- The courier may have arranged to travel in a taxi to meet the elderly victims or the taxi company may have been instructed by criminals to collect a package from a local address.

How can you assist?

- Drivers/taxi companies are asked to be vigilant when asked to take anyone who may be a potential courier to or from rail stations or on any other journey. When asked to collect packages from elderly persons on behalf of unidentified customers.
- If a suspected courier is collected as a passenger, taxi drivers should call the police on '999' and quote '**BLUE MOUNTAIN**', providing their taxi registration number, location and destination. The control room of the local force will immediately recognise this as a courier fraud and deploy the appropriate resource and response.
- Taxi drivers are also asked to raise awareness amongst their everyday elderly passengers and to also consider unusual repeat fares to local banks. Should such fares be identified, taxi drivers are again requested to contact police.
