What matters to you

Through Neighbourhood Link, social media and local engagement events, we have listened and will be prioritising the following -

You Said - We are aware of issues associated with licensing. This includes underage sales, sales of illegal produce and associated criminality

We have: We have worked with partners in licensing and trading standards to conduct visits at those premises suspected of being involved in unlawful practices and have conducted enforcement operations. We will look to complete test purchase operations and offer education to licensed premises.

You Said - You have raised concerns relating to road safety, specifically surrounding our local primary schools. This includes driving at excess speed for the location, inappropriate road use and dangerous parking.

We have: Completed active patrols at each of the primary school within the beat. We have offered advice where appropriate and have also completed enforcement for those found to repeatedly contradict traffic regulations. We will look to offer education and will progress to enforcement where required. We will work with schools and also local enforcement officers to ensure we are making our schools a safe environment for all.

You Said- Retail Crime – Belvoir Shopping centre and Whitwick Retail Park .You Said: We are aware that local businesses are being subject to theft which includes repeat offenders targeting certain stores. Due to the upcoming festive season we will maintain this priority throughout the next priority period.

We have: We will complete targeted operations in the area, working with colleagues in CCTV to target those causing harm and repeat offenders. We will work with our local enforcement teams and our Safer Streets officers to identify those committing offences and seek convictions and long term orders to enable officers to take robust action. We are working with establishments who are being frequently targeted to provide safety advice and to target those causing harm. We are completing regular patrols and are working with partners in our CCTV office to ensure identified suspects are quickly detained and dealt with. We have continued to target those causing harm, with Criminal Behaviour Orders being issued at court giving us further powers. Due to the diligence of our neighbourhood and safer streets teams, we have successfully charged some of our well known nominals for repeat shop thefts. This has led to orders being in place and custodial sentences. As we are now in the run up to the festive season, this priority will remain in place and we will continue to support our retail areas.

What have we done #YouSaidWeDid

Remembrance Sunday

Insp Burge, Sgt Postlethwaite and Sgt Fletcher had the privilege of representing North West Leicestershire at services of remembrance. It is an honour for our Neighbourhood Policing Team to take part in these commemorations, paying tribute to those who have served, sacrificed, and given their lives for the freedoms we enjoy today.

Bonfire Shift Update

PCSO Rose-Barnes has a very busy bonfire weekend evening shift – by attended two road traffic collisions, carrying out patrols for Bonfire Night, reuniting a lost dog with its owner and completing a welfare check. It's certainly was a busy evening and it shows no two shifts are ever the same!

School Parking Enforcement

School parking enforcement patrols will continue across all four Coalville schools as part of our local beat priorities for the next three months. We are asking parents and carers to please allow extra time when collecting children and, where possible, consider walking to and from school. Our priority is keeping children, parents and other road users safe. Vehicles found parked irresponsibly, dangerously, or in contravention of parking restrictions will be dealt with accordingly. Thank you for your continued support in helping to keep our school communities safe.
