1. What's Happening In Your Area

Drugs – Ongoing core priority - Intelligence – We continue to review and act on drugs intelligence. For operational and data protection reasons we are unable to give specific details of locations / premises or persons that we are currently investigating. We have been working with other agencies to tackle individuals of concern linked to drug misuse.

We ask that you **report any concerns** around drugs misuse that you have. You may have information that adds to an ongoing concern, and this can really help when we apply for Warrants. You can speak to us at Hornsea Police Station in confidence or alternatively report anonymously via 'CrimeStoppers' at <https://crimestoppers-uk.org/>

One vehicle has been seized, and a Misuse of Drugs Act warrant has been executed. A further arrest has been made for drug driving and other driving offences. Another suspect was arrested for possession of a controlled drug with intent to supply which is still under investigation.

Local Residential Homes – Ongoing Liaison

Hornsea officers continue with weekly drop-in sessions to several of our care establishments within the town. A proportion of reported crimes relate to individuals who may be suffering a mental health episode. It is our intention to reduce incidents of reported missing persons and potential offending by engaging with staff and residents at the earliest opportunity.

Over the past few months there has been a decrease in recorded crime at three of our residential establishments

ASB – Halloween and Bonfire Night

Operation Topaz is a seasonal initiative focused on preventing and tackling antisocial behaviour, particularly around Halloween and Bonfire Night. It forms part of a broader strategy to enhance public safety during high-risk periods and transitions into Operation Yuletide as the festive season approaches.

We will be increasing patrols in the town centre and other locations linked to ASB.

Our ongoing work with local schools continues to address the issue of ASB and the impact it has on communities.

HumberTalking

Humber Talking is still being undertaken in the North Holderness area.

We will be speaking with householders on their doorstep however if you would rather participate online and highlight any issues you think the Police should be dealing with, please visit the website.

What is Humber talk?

Launched in 2018, Humber Talking is aiming to understand the needs of our local communities across Hull, East Yorkshire and Northern Lincolnshire.

It enables residents to meet local officers face-to-face and to share any concerns. Our aim is to hear the views of every single household across our force area.

What are the issues that affect your community that you want the police, our partners and community members to resolve? For example, road safety, criminal damage, drug dealing and anti-social behaviour.

What causes you the greatest concern in your street? For example, beggars, fly-tipping, speeding, gangs?

Have you been in contact with any of the authorities such as police, fire, local authority or health and, if so, how was the response?

How confident are you that the police would be there if you needed them?

September Operation Spotlight

Throughout September and October 2025, officers from our Roads Policing Unit will be joining forces across the country as part of the National Police Chief's Council (NPCC) campaign to target young drivers and riders.

Working together with road safety partners, the aim of the campaign is to focus on the key contributors in collisions which involve young drivers between 17 and 24-years-old:

- Speeding
- Drink and drug driving
- Mobile phone usage
- Not wearing a seatbelt

Historically, September and October typically see an increase in fatal and serious collisions, with more commuter traffic on the road as people go back to work, college, and university, as well as children returning to school after the summer break.

At this time of year, the weather is also starting to take a turn and there will be higher amounts and more frequent rainfall. October specifically sees a peak due to the half term period where more people will be travelling on unfamiliar roads for days out and holidays or short breaks.

Nationally, there were 4,922 people killed or seriously injured on roads in September and October between 2018 and 2022, as a result of the 'fatal four' contributing factors.

Parish/Town News Release

Op Yokohama motorbikes continue to tackle dangerous driving and vehicle theft.

Operation Yokohama is an initiative led by our Roads Policing Team, following advanced training in off-road riding combined with pursuit tactics.

This specialist training equips officers to safely pursue offenders who use motorbikes to commit crime and evade arrest.

The motorbikes can be used on both public roads and off-road terrain, allowing the team to continue pursuits into areas where previously, they could not follow.

The introduction of these motorbikes comes in response to a rise in offenders using motorcycles to commit vehicle theft and associated antisocial behaviour.

Dangerous riding poses serious dangers to the public and will not be tolerated on the roads and in the open spaces in our communities.

Operation Yokohama is focused on removing these risks from our roads, making our communities safer, one pursuit at a time.

Parish/Town News Release

HMRC's top tips for avoiding scams are:

- Recognise the signs - genuine organisations like banks and HMRC will never contact you out of the blue to ask for your PIN, password or bank details.
- Stay safe - don't give out private information, reply to text messages, download attachments or click on links in emails you weren't expecting.
- Take action - forward suspicious emails claiming to be from HMRC to phishing@hmrc.gsi.gov.uk and texts to 60599, or contact Action Fraud on 0300 123 2040 to report any suspicious calls or use their [online fraud reporting tool](#).
- HMRC Debt management teams do contact members of the public by phone about paying outstanding debts.
- If a customer (or agent) isn't confident that the call is from HMRC, we will ask them to call back. Depending on the circumstances and to give the customer confidence it is actually HMRC calling, information may be disclosed to the caller which only HMRC is party to
- Calls from the majority of HMRC offices will leave caller identification data, i.e. the number the caller has used to contact you from

Never click on a link and if in doubt make your own independent enquiries.
