

Hollingdean and Fiveways Ward Update – October 2025

Current Concerns and Priorities

We've recently seen an increase in reports of youth anti-social behaviour across the ward, particularly in local parks and near schools. If you've witnessed or experienced any incidents, please let us know. Your reports help us work with partner agencies to identify the right areas to target and address the issues effectively.

Your ward officers are monitoring the locations linked to these reports and increasing patrols to provide a more visible presence in the areas that need it most.

We're also planning targeted operations using our Speed Indicator Device (SID) in the coming months. This will be deployed in areas where residents have raised concerns about anti-social or excessive driving. If speeding or dangerous driving is affecting your street, please report it so we can prioritise those locations

Community Engagement

We're committed to staying connected with the community, local schools, and businesses. If you'd like to meet with us or arrange a visit, please get in touch.

We're also looking for venues willing to host community meetings. If you can support this, please contact us via 101 or the Sussex Police website, quoting PCSO Kraft 44235 or PCSO Packham 42983.

On 13 November, PCSO Kraft held a drop-in session at Hollingdean Community Centre, giving residents the chance to share concerns directly with their local officer.

We aim to hold monthly ward action days or community meetings, with full details published on *the Sussex Police website once confirmed*.
