Bystander Training

Picture this: you're on the bus or tube, and you see someone being harassed. There are lots of people around. Surely someone will help, right? But no-one does, and that's the problem.

We know that given a chance, most people want to help. But we just don't know what to do, or how to do it safely.

Neighbourhood Watch has created **FREE** bystander training, so you can feel confident about taking action.
