DAVENTRY UPDATES

Operation Lapland

During Operation Lapland, a proactive operation over December working to prevent and detect crime types that historically increase in the run up to Christmas, such as shop theft, anti-social behaviour (ASB), vehicle crime and robbery, the Daventry neighbourhood team were out and about in key areas visibly patrolling and engaging with the community. The public are our eyes and ears, and no one knows better than the residents what is going on in a neighbourhood or community. If you're concerned about something in your area and want to speak out to your neighbourhood team, you can contact officers from the [local area page](#).

Drug warrant

Daventry Neighbourhood Policing Team executed a Section 23 Misuse of Drugs Act search warrant at an address on High Street, Weedon on January 15. During the search, a large number of cannabis plants and equipment were found in the property. An investigation is currently under way. If you suspect someone is dealing drugs or involved in drug crime, you can call us on 101 or report online [here](#). Always dial 999 if you or your property is at risk, or a crime is in progress.

Community engagements

On December 19, PCSO Conopo attended the Kris Kringle Carol Service at St Margarets of Antioch Church, Crick, alongside pupils from Crick Primary, teaching staff, and family and carers. PCSO presence at community events plays a vital role in safeguarding, trust building and long-term crime prevention, being visible and approachable in the community with children, families and the wider community.

If you have an event and you want to reach out to your local policing team, you can contact officers from the [local area page](#).

Drink and drug driving campaign

On December 1 2025, the annual month-long winter drink and drug driving campaign launched. Alongside Operation Limit, the campaign aims to deliver a clear message on the consequences of driving while under the influence of alcohol and drugs across social media channels. In addition to the online campaign, the Roads Policing and Safer Roads Teams also carried out extra patrols throughout December and into the New Year, with the support of colleagues from Response, Neighbourhood Policing, and the Special Constabulary. Drink and drug driving is one of the main contributors in collisions and is one of the fatal five driving offences, alongside careless driving, not wearing a seat belt, excessive speed, and using a mobile phone whilst behind the wheel. Across the period, court results were released for those charged with drink driving. Read more [here](#).

It does matter

The 'It Does Matter' campaign launched on November 25 last year, aimed at raising awareness of, and encouraging victims, to report non-contact sexual offences, which have previously been overlooked as forms of violence against women and girls (VAWG). Over the period, Northamptonshire Police used Live Facial Recognition (LFR) cameras for the first time in three town centres to help proactively target those at risk of committing offences against women and girls, resulting in six arrests and checks on further individuals. Alongside the campaign, the proactive policing initiative Operation Kayak, was also promoted, working closely with pubs and clubs, street pastors, Northampton Guardians, and volunteers who work on the Safer Nights Out Van (SNO van), to ensure the vulnerable are looked after and safeguarded. Tackling violence against women and girls is a priority for Northamptonshire Police and this awareness raising campaign is part of wider work to protect and safeguard those at risk of abuse and sexual assault. Tackling knife crime

During the Sceptre week of action in November 2025, departments from across Northamptonshire Police came together to tackle and highlight the issues of knife crime, visiting schools, youth groups and holding knife amnesties as part of a national week of action. During the week, 198 knives were recovered from amnesty bins/handed in, and 37 weapons sweeps were conducted, finding 16 weapons. Read more [here](#).
