

# Child Exploitation Awareness Training for Hotels Teams

**The  
Children's  
Society**

This 90-minute session, delivered by The Children's Society is designed for anyone working in a hotel. The training provides an introduction to child exploitation and will help hotel staff to spot signs of this type of abuse which may happen in their workplace. It will build hotel teams' confidence in knowing what to do if they think exploitation is taking place in their hotel. Every member of a hotel team has a vital role to play in protecting children from harm – this important session will give the knowledge and confidence needed to make a difference. Together we can ensure every child is protected.

We are running five online sessions. Please note the sessions are the same; you do not need to attend all. To book your free place now, click on the links below:
