Welcome to the North Walworth Safer Neighbourhood Team Newsletter

As we head into November, we'd like to update you on some of the work carried out by the North Walworth Safer Neighbourhood Team over the past month. October was another busy month, with officers continuing to tackle local priorities, act on community intelligence, safeguard vulnerable individuals, and engage with residents across the ward.

A successful 2 Wheel Enabled operation was conducted, resulting in the seizure of multiple illegal bicycles and helping to disrupt criminality linked to cycle crime.

The team also secured a Closure Order following intelligence-led work and close collaboration with housing officers and local residents. This action addressed ongoing issues at the location and led to a vulnerable resident being safeguarded and supported into safer accommodation.

Thank you for your continued support and engagement with the team. We remain committed to listening to your concerns, addressing local issues, and keeping North Walworth a safe place to live, work and visit.

And now for some figures...

During the last month, there were **89 stop and searches**, **121 arrests**, and **2 Community Protection Warnings/Notices** recorded within North Walworth. These figures reflect the proactive work of officers from across the Metropolitan Police Service operating within the ward, alongside the ongoing efforts of your local neighbourhood policing team to prevent crime, protect vulnerable people and keep our communities safe.
