Safer Neighbourhood News

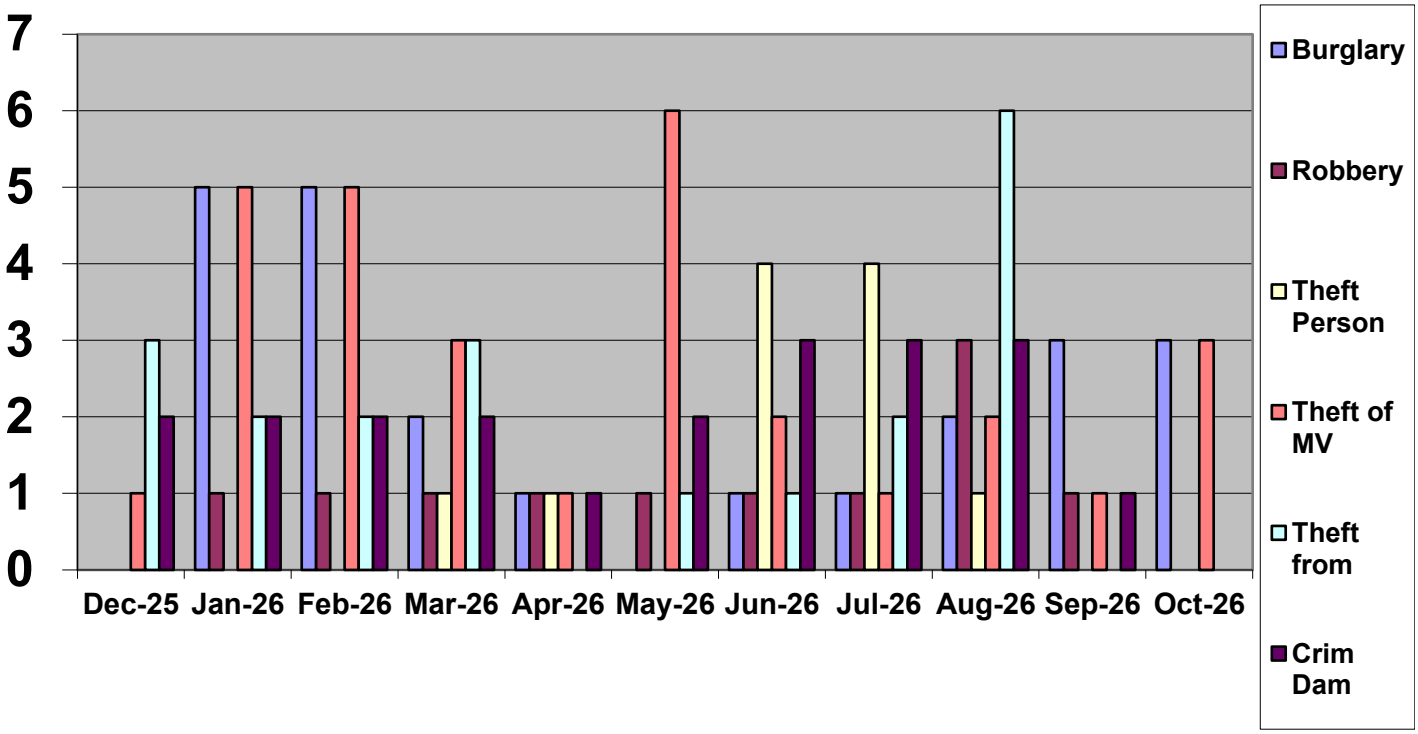

This is one of our busiest times of the year.

Autumn Nights encompasses Halloween and Bonfire Night, a period during which we historically see an increase in anti-social behaviour. Local Neighbourhood Policing Teams will be conducting high-visibility patrols in key areas to help deter and tackle this.

As the darker evenings draw in, it may be worth investing in timer switches for your lights, so they come on before you get home. In the lead-up to Christmas, when burglaries can increase, it is also a good opportunity to review your home security. If you require crime prevention advice, please contact your local Neighbourhood Policing Team.

As winter sets in, please look out for your neighbours, particularly those who may be elderly or vulnerable. If you notice anything suspicious, please do not hesitate to contact us.

MV = Motor Vehicle Crime

VWI = Victim With Injury (Assault)

Other crimes for October

0x Criminal damage
0 x Criminal damage to motor vehicle
0 x GBH / ABH

Ward Priorities

- **Burglaries**
  Burglary has now become the ward's primary concern, particularly with the onset of longer dark nights, which have correlated with a slight rise in burglary incidents. The ward panel recognises the need for a proactive approach to address this issue promptly.
-
- **Motor Vehicle crime**
  The prevention of motor vehicle crime remains a
- significant focus due to ongoing reports of high-value keyless entry vehicles. The ward panel has agreed that this issue warrants continued attention and resources.

- **ASB** Anti-Social Behaviour (ASB) remains a ward priority as the summer evenings end, a period during which we often experience an increase in ASB-related incidents. The ward team will increase patrols in known hotspot areas to provide reassurance to residents and deter offending behaviour. The team will also work proactively to identify any emerging ASB hotspots and collaborate with partner agencies and residents to tackle issues effectively and reduce anti-social behaviour across the ward.

Stay informed with Met Engage

Get the latest updates from the Met straight to your inbox.

Met Engage is a free messaging service that keeps you connected to what's happening in your area. Whether its crime updates, safety advice, or news from your local policing team, you'll get the information that matters to you — when it matters most.

Every ward in London has a ward panel of local community members that meets with the ward Neighbourhood Policing Team four times a year. Meetings are held in person in the evenings at a local venue. At the ward panel meetings, members explain any community concerns, and the police provide information on crime, antisocial behaviour and their recent activity. The panel then sets the police team a minimum of two very specific priorities and actions to focus on in the ward and report back on at the next meeting. Meetings are also attended by the ward councillors, so that joint problem solving can be identified. The ward panel should be broadly representative of the ward. Members should live, work or study in the ward. They should be able to communicate community concerns to the police and share information widely in the community.

Anyone is welcome, but we are specifically looking to recruit members that are active in any Neighbourhood Watch or WhatsApp groups that are willing to be spokespeople for their respective areas so that we can hear the issues that are affecting you! If you would like to join, the meetings are held quarterly at St Thomas Church, Prince George Avenue, N14 in the evening at 7pm.

How to contact police

- In an **emergency** - Telephone **999**
- To **report crime** -Telephone **101**
- **Online** at www.Met.police.uk
