

What we have been doing in your community

On 7 August, PCSO Alake participated in a joint weapons sweep operation with Southwark Council's Anti-Social Behaviour (ASB) Team. During the operation, a nitrous oxide cylinder (Class C drug) was discovered concealed within the bushes in the Crawford Estate and was promptly seized and disposed of. In addition to this proactive work, regular high-visibility patrols have been conducted across the ward. As a result of these patrols, officers have carried out 24 stop and searches, leading to three arrests.

Feedback received through Met Engage highlighted an increase in reports of anti-social behaviour (ASB) during the summer months, particularly during the night-time economy. In response to these concerns, the local Safer Neighbourhood Team adjusted officers' shift patterns to provide increased visibility and policing presence during peak evening and night-time hours.

GOOD NEWS

PC Downey executed a search warrant on the Elmington Estate following concerns raised by local residents regarding suspected drug dealing in the area. As a result of the warrant, Class A drugs were recovered and seized. This enforcement activity reflects the team's commitment to acting on community intelligence and tackling criminal activity that negatively impacts local residents.

In a separate incident, PCSO Cloud and PCSO Alake recovered a stolen motorcycle that had been concealed within a children's playground on the Crawford Estate. The vehicle was seized and arrangements were made for its recovery, preventing further criminal use and enhancing the safety of the local community.

The Team

- PS SGT Alan STOW- 07748772335.
- PC Frankie BURDGES - 07741616400
- PC Garry GROVE - 07748978348
- PC Kate DOWNEY – 07922592075.
- PC Luke HOLDER – 07521614213.
- PCSO Danny CLOUD – 07721531820.
- PCSO Juliana ALAKE – 07917178180.
