Re: *Warrant Execution, Uverdale Road, SW10.*

Thursday, 27th November 2025

Dear Community Members,

In the early hours of this morning, Thursday 27th November 2025, Officers from the Chelsea Policing Team executed a warrant to enter and search a premises that was concerned in the supply of drugs.

One person was arrested at the address and transported to a Central London Police Station, where they remain in custody. The person has been arrested for possession of offensive weapons, possession with intent to supply controlled drugs, and possession of Class A and C controlled drugs.

I can now also confirm that this warrant is associated to the warrant that was executed on the World's End Estate on 24th October 2025, where an arrest was made for possession of offensive weapons, possession with intent to supply controlled drugs, possession of Class B and C controlled drugs, causing fear of violence, conspiracy to commit criminal damage, and violent disorder.

I would like to take this opportunity to thank those of you whom have supported my team and I in our efforts to bring this criminal conduct to an end.

Our commitments remain steadfast: we will continue to foster a safe & secure environment for those that reside, visit, and work in Chelsea; we will continue to tackle the crimes that have the greatest impact on the confidence of Chelsea; and we will continue to create a hostile environment for those that wish to commit crime in Chelsea.

If you have any concerns or would like to discuss something important to you, you can call us via the **Chelsea Police Enquiry Line** or email us. If we do not know, we cannot act. The Line operates on **Monday, Wednesday & Friday** from **11am to 1pm** on **0207 004 5552**
