Alcester Police SNTs. Latest Weekly Report. Sunday 8th November 2026

Based at Alcester Police Station, The Safer Neighbourhood team's primary roles are around crime prevention, problem solving both long standing or emerging issues of community concern and community engagement. We are supported at Alcester by colleagues from Patrol teams whose role is to respond to incidents and investigate crimes that occur in the area 24/7. The SNT is supervised by Inspector Rebecca Wrighting who leads on Neighbourhood Policing for Stratford District and Sgt Ebbs who also oversees neighbourhood Policing in the Shipston on Stour area. The Alcester SNT currently consists of Police officers and Police Community Support Officers, and our contact details are shown above.

Hello all.

This is our latest combined weekly report and prompt to see if you have any questions, suggestions or concerns for the Alcester Police Safer Neighbourhood Teams. Thank you to those that have contacted the Teams this week. If you would like to be removed from this local email circulation list, please let me know asap. This report will also be sent out on the Warwickshire Connected alert system.

For operational and privacy reasons not all the incidents that occur on the Alcester area are listed in this report, although they are recorded on police systems. Please remember to report any anti-social behaviour, suspicious activity or crimes to us as soon as possible - this can be done via the 101 and 999 telephone numbers or if not an emergency via our online reporting forms that can be found on our website. If you have any information or cctv footage that may relate to the incidents listed, please contact us.

Incidents of a public interest from the last week: -

ALCESTER

ASB x 3 calls. Conway Estate / School Road / Birmingham Road. Two motorcycles - one orange and the other white - seen riding around the area. Riders did not have helmets and there were no registration plates on the bikes. Around 3.45pm Sunday 8th November. 0218 08/11/2026

Reporting Nuisance Bikes - Using the online reporting form.

Warwickshire County Council Community Safety Team are members of the "Community Safety Partnership", together with other agencies we work to address crime and safety concerns within your community. Anti-Social Behaviour caused by nuisance bikes is one such area we know accounts for a large proportion of ASB reports.

If bikes are being used in a manner which causes alarm, distress or annoyance, Police can issue notices under Section 59 of the Police Reform Act or seize the bike.

Nuisance bikes, whether it be a Motorbike, E-Bike or Quad Bike are a cause of concern for several reasons; the noise that is created disturbs people in their homes, gardens and community, the riders often have no regard for other people's safety on the public highway or byways, nor do they care about being road legal.

You must explain to us in detail why they are causing alarm, distress or annoyance, this is very important information as the detail is needed for action to be taken using available legislation.

Once you complete a nuisance bike reporting form it will go directly to the Community Safety Team and be dealt with accordingly. The aim of this form is to gather as much information as possible to identify the offender/s involved.

The details of the form will be shared with other members of the Community Safety Partnership where appropriate.

It is vital you include:

- Details of the bikes
- Descriptions of the riders
- Names of those involved.
- Addresses of where the bike/s are stored.

Over time, this information will help build up a picture of the issues within your community and partners can then take more appropriate and focused action. Direct action will only be taken once the rider, and/or address has been identified and enough supporting evidence has been obtained.

This form is only to be used to gather intelligence on offenders. To report incidents of ASB involving nuisance bikes please use 101 or by contacting your Local Authority.

https://services.warwickshire.gov.uk/report-a-nuisance-bike-or-bikes/

This newsletter is not intended to record a comprehensive list of every reported crime in the area but includes crimes and incidents that the local community should be aware of. Staying vigilant and working together with the police and your local community keep crime out of your area.

Information needed

We need your help in investigating four motorcycle thefts reported to us in Alcester and surrounding areas over the previous two weeks.

We believe these thefts could be linked to other antisocial behaviour, which has also been reported to us.

We are working closely with our partners to address and investigate these crimes and to identify those responsible – but we need your help.

If you have information that could help us in our enquiries, particularly if you have dashcam or CCTV footage showing suspicious activity linked to these crimes, please contact us as soon as possible.

You can call 101, or you can make a report through our web reporting tool.

You can make a report online at https://orlo.uk/W110n

We have seen speculation in local Facebook groups around these issues, but Facebook is not a reporting tool – it is always best to come to us if you have information that can help us.

Every piece of information helps us build a picture.

We can't take action if we don't have evidence - even if we have suspicions as to who it might be.

The best way to submit evidence in a form we can use is through our reporting tools.

Facebook is not a valid reporting tool.

If you have evidence we can act on, be that CCTV, witness statements, doorbell footage, or otherwise, report it on 101 or online at www.warwickshire.police.uk/report so we can use it.

There's also Dob Em In for reports of ASB motorbike riding:

https://safeinwarwickshire.com/crime-anti-social.../dob-em

We are asking all of you to have a chat with any vulnerable friends or family to warn them as we continue to investigate a series of scam calls. fraudsters are calling residents and claiming to be from Warwickshire Police.

Suspects are 'spoofing' an 01926 number that used to belong to the force but no longer does. These fraudulent calls are usually a fishing is it fishing or phishing exercise, intended to draw information from vulnerable people. Fraudsters will then follow up with more calls or emails – where they will progress into trying to mislead victims into handing over money. At this time, none of this series of calls has progressed to money being handed over. Remember that if you are ever in doubt about the authenticity of a caller claiming to be from the police, hang up and call 101. No genuine police officer or staff member will take issue with you doing this.

This newsletter is not intended to record a comprehensive list of every reported crime in the area but includes crimes and incidents that the local community should be aware of. Staying vigilant and working together with the police and your local community keep crime out of your area.

£1,000 reward for information leading to Laney Monaghan

A £1,000 reward from independent charity Crimestoppers is available for information which leads to us locating 24-year-old Laney Monaghan.

We are looking to speak with him as we investigate a report of false imprisonment and assault.

Monaghan has links with Alcester, Coventry, and Warwick.

If you can help us find him, contact Crimestoppers on 0800 555 111 or make a report on their website www.crimestoppers-uk/give-information.
Crimestoppers is not the police, but an independent charity that guarantees everyone who contacts them stays completely anonymous.

The reward is for information given exclusively to Crimestoppers that leads to us locating Monaghan.

When completing a form on the charity's website (link in the comments) you will need to type 'reward request' in any text box.

Then create a 'keep in contact' account. When calling the charity's UK-based Contact Centre on 0800 555 111, you must ask for a code.

Crimestoppers is available 24 hours a day, seven days a week via their website or by phone.

This newsletter is not intended to record a comprehensive list of every reported crime in the area but includes crimes and incidents that the local community should be aware of. Staying vigilant and working together with the police and your local community keep crime out of your area.
