

Roundhill Ward Update –November 2025

Brought to you by PCSO Powell (43281)

Hello everyone,

Welcome to your November ward update.

Team Update

I remain office-based and continue to monitor Roundhill from behind the scenes.

PCSO Chapman (41212) continues to be your local PCSO on the ground.

Community Meetings

There are currently no planned community meetings, but we're more than happy to attend any that we're invited to. I am aware there is a couple coming up but unfortunately, we are either on rest days or on early shifts meaning we cannot join you.

We have spoken to the committee and tried our best to work around this but unfortunately it doesn't work. If you're part of a local group or organising a meeting, please get in touch — we'd love to be involved and support where we can.

Crime and Community Concerns

Recent statistics show a small number of reports relating to anti-social behaviour (ASB) and drug related offences in the ward. We continue to monitor and patrol these areas where concerns have been raised, including reports of drug dealing and drug use.

We encourage all residents to report suspicious activity, no matter how small — every report helps us build a clearer picture and direct resources effectively.

Current Ward Priorities

Shoplifting – We're working with local businesses to address persistent incidents

Anti-social behaviour & drug-related activity – Regular patrols continue in known hotspots

Need to Get in Touch?
