#WeDid—What we are doing continued

Major Drug Warrants Executed

Over the past month, the team has executed a number of warrants targeting individuals suspected of drug dealing in the local area.

During one warrant, **two people were arrested** on suspicion of **Possession with Intent to Supply Class A and Class B drugs**. A thorough search of the address uncovered a **large quantity of Class A controlled substances**, later confirmed as **heroin and crack cocaine**.

- **Initial estimated street value:** over **£14,000**
- **Expected total value once all exhibits are tested:** approximately **£30,000**

This represents a substantial disruption to local drug supply, and investigations remain ongoing.

Proactive Stop Checks

PC O'Rourke, supported by **PC 4410 from the Melton South Beat**, has been conducting several vehicle and person stop checks, leading to positive outcomes for the community.

Community Resolution Issued

One stop check resulted in a passenger being found in possession of **Class B drugs**. The individual was dealt with by way of a **community resolution**.

Arrests Following Foot Chase

In another incident, PC 2170 and PC 4410 stopped a vehicle where the passenger attempted to flee. He was later located, and suspected **Class A drugs** were recovered nearby.

- **Both the passenger and driver were arrested** for possession of Class A drugs.
- The driver also **failed a roadside drugs wipe** and was further arrested for **driving whilst unfit through drugs**.

New Officer Making an Early Impact

PC **Jacob Gill**, who recently joined the beat team, has already been making a positive difference. Jacob has carried out several stop checks and recently **seized a vehicle that had been untaxed for a significant period of time**.

PCSO **Durrant** is also making a **strong and positive impact** on the beat. He has been actively **patrolling local hot spot locations**, engaging with residents, listening to concerns, and helping build strong relationships within the community.
