

Wish ward update

Welcome to your monthly update for Wish!

PCSO LEAMAN & PCSO KNIGHT

Our priorities this month:

- Tackling anti-social behaviour
- Speeding (20mph Zones)
- High-visibility beach patrols

Anti-social behaviour

Youth ASB continues to rise, peaking over the warmer weeks of May. Police remain persistent with high-visibility patrols in **WISH PARK, HOVE LAGOON** and **BOUNDARY ROAD** to deter and deal with any youth disorder.

Police continue to work alongside partner agencies to identify and deal with unwanted behaviours and provide reassurance to the community.

Speeding

We have also identified problem areas, namely Olive Road and Portland Road, whereby road users are not abiding by the 20mph restrictions. Both James and I are working with the local councillors and partner agencies to try and prevent and deter these incidents from recurring.

We aim to conduct multiple speed checks throughout the coming weeks/months in the problem areas to collate data and develop a working strategy.

High-visibility patrols

Sussex police are committed to ensuring the safety of all residents and visitors, which is why we have increased our patrols along the beach and promenade. With the warmer weather rolling in and increased numbers of visitors, we aim to be amongst our communities to provide reassurance, protect the public and support our local businesses.

Reporting to the police is critical for action to take place, please continue to do so via the channels listed below. This allows us to build an evidential picture and enables us to direct our patrols to hot spots.

STAY SAFE!
