## Alcester Police SNTs. Latest Weekly Report. Sunday 25<sup>th</sup> August 2024

Based at Alcester Police Station, The Safer Neighbourhood team's primary roles are around crime prevention, problem solving both long standing or emerging issues of community concern and community engagement. We are supported at Alcester by colleagues from Patrol teams whose role is to respond to incidents and investigate crimes that occur in the area 24/7. The SNT is supervised by Inspector Hembry who leads on Neighbourhood Policing for Stratford District and Sgt Ebbs who also oversees neighbourhood Policing in the Shipston on Stour area. The Alcester SNT currently consists of 2 Police officers and 5 Police Community Support Officers, and our contact details are shown above.

Hello all.

This is our latest combined weekly report and prompt to see if you have any questions, suggestions or concerns for the Alcester Police Safer Neighbourhood Teams. Thank you to those that have contacted the Teams this week. If you would like to be removed from this local email circulation list, please let me know asap. This report will also be sent out on the Warwickshire Connected alert system.

For operational and privacy reasons not all the incidents that occur on the Alcester area are listed in this report, although they are recorded on police systems. Please remember to report any anti-social behaviour, suspicious activity or crimes to us as soon as possible - this can be done via the 101 and 999 telephone numbers or if not an emergency via our online reporting forms that can be found on our website. If you have any information or cctv footage that may relate to the incidents listed, please contact us.

## **Force launching recruitment drive for volunteer police officers.**

We're excited to launch a campaign to attract people from across Warwickshire to join us as part-time volunteer police officers.

Working in some of the most important areas of policing, Special Constables – known as Specials – get all the training and powers of regular police officers but with the bonus of fitting it around their existing job and other commitments.

Specials enjoy the opportunity to meet people and gain new experiences while playing their part to protect their communities from harm.

Specials can work as little as 16 hours per month, though many choose to do more.

To help with our recruitment drive, we're holding two discovery events for people to find out more about what it takes to become a Special, how they could make a positive difference, and learn skills that will stay with them for life.

**An online event will take place via Teams from 6pm to 9pm on Wednesday 11 September while there will be an in-person event a fortnight later (25 September) at our police headquarters in Leek Wootton from 6pm to 9pm.**

Participants will be able to ask about everything from applying to the recruitment process and from training to questions about the role itself.

We'll also have some of our current Specials on hand to talk about why they chose to join us.

Our Specials come from all walks of life – bringing with them a multitude of different experiences and we're keen to add to the ranks ahead of our next training intake in October.

Anyone interested in learning more is encouraged to sign up for the events here:

There's a wealth of information about becoming a Special on our website. We'll also be posting more on our social media channels over the next few weeks where people will be able to discover more about the life of a Special and how to get involved.

**Every Special has a story. Join us to start writing yours.**
