

Empowerment starts with **unity**

As we move through 2026, we remain committed to making BCP a safe place for women and girls. This year, our focus is on providing more training opportunities for businesses that have made the pledge and increasing Unity Promise sign-ups across Bournemouth, Christchurch and Poole.

What is the BCP Unity Promise?

The BCP Unity Promise is a community-led initiative championing the safety of women and girls across Bournemouth, Christchurch and Poole. By signing the promise, organisations and individuals commit to taking practical action, accessing a free toolkit and training, and helping create safer communities for everyone.

If you are concerned a child is being sexually or criminally exploited, report your concerns by **calling 101 and quoting 'Operation Makesafe'**. For emergencies **always call 999**.

As a community safety partnership our aim is to promote safety in all aspects for residents and visitors of BCP. Below are some useful links to other campaigns & services
