

**WEST MERCIA  
POLICE**

# Keep yourself safe and secure

Learn how to protect yourself  
and how to react in the event  
of a serious situation.

## Top tips:

- Plan your route and think about what to take with you, especially if you're going somewhere you haven't been before
- Keep your mobile phone and valuables out of sight
- If you're threatened with violence, don't risk your personal safety - property can be replaced, you can't
