## Your Local Beat Team

**PC. 1351 Jenny Morris**

**SGT. 1830 Mark Spence**

**PCSO. 6592 Danny Yeatman**

## You Said:

We asked what mattered to you the most, and you made us aware of the following issues, furthermore making them our priority:

- ◆ **Anti-Social Behaviour**
- ◆ **Nuisance Motorcycles**
- ◆ **Road Safety Issues**

## We did:

- ◆ **Anti-Social Behaviour:** We have noticed quite a high spike of ASB across the Fosse Park Site. Officers will be conducting a high visibility across the site and engaging with the local community and challenge those present such behaviours.
- ◆ **Nuisance Motorcycles:** We have continued to analyse key areas where motorcycles are being driven and where they are registered to. While we have the key areas on our radar, we are still inquiring around where the vehicles are registered to and where they are further being used across the beat.
- ◆ **Road Safety Issues:** The standards of driving across the beat has been monitored and we have seen positive results from our Police Volunteers where they have carried out regular speed gun checks across the beat and relayed back to the beat officers where drivers have been prosecuted for dangerous driving and speeding offences. This still continues to be the case, we have had no pressing concerns this last month.
