August 2025

ASB, shoplifting and VAWG remains our main focus throughout August. With the summer in it's prime and warmer weather attracting people to our City, we are committed to ensuring the city and coast is a safe place to work, live and visit.

With that in mind, throughout August, we have:

- **Continued Patrols:** We are grateful that the weather has remained bright and warm throughout August to prolong the summer feeling. Our coasts are still busy which means we are keeping our increased patrols over August and September to ensure a faster and more efficient response to those who need us and a positive, hi-visibility presence to deter crime and provide reassurance to the public. Plain clothed officers are also continuing to parade from the Herne Bay Police Station for proactive activity.
- **Engaging with our community:** A delayed mention however, PC James and PC Roy attended the Reculver School Summer Fair to show our support within the safety unit and to engage with families and children, building trust and engagement with our communities. Both officers were praised by the school for their attendance which was enjoyed by everyone involved. If you have somewhere you would like your officers to visit or engage with, let us know!
- **Tackling persistent problems:** Catapults remains on the list this month as it continues to be highly reported. We are continuing to patrol our parks and rural areas around the city to deter this crime and encourage everyone to call 999 if they see a person using a catapult to harm wildlife, other people or to cause criminal damage. If someone is carrying a catapult but not actively using it, please call our non-emergency line on 101.

Good work story:

Kent Police received two reports of an accosting in the City Centre of Canterbury during the hours of 22:00-23:00 on the 22nd August, where a male was intoxicated, following females and trying to grab them to take them away with him. He was reported to have been making controlling demands towards the females and was causing a great deal of distress. CSU officers flooded the area and located distressed females seeking refuge with security at a local club. Officers soon located the male suspect where he was swiftly arrested. All the women were spoken to and some were given assistance to get home safely.

We will not tolerate those who pose a risk to women and girls and treat members of our community this way. The Community Safety Unit strive to ensure our city is safe and that our community can enjoy it's vibrant night life safely. We strongly encourage you all to call 999 if you see any accosting or inappropriate behaviour.
