We have been working with other agencies to tackle individuals of concern linked to drug misuse.

We ask that you **report any concerns** around drugs misuse that you have. You may have information that adds to an ongoing concern, and this can really help when we apply for Warrants. What is Humber talk?

Parish/Town News Release

Launched in 2018, Humber Talking is aiming to understand the needs of our local communities across Hull, East Yorkshire and Northern Lincolnshire.

It enables residents to meet local officers face-to-face and to share any concerns. Our aim is to hear the views of every single household across our force area.

What are the issues that affect your community that you want the police, our partners and community members to resolve? For example, road safety, criminal damage, drug dealing and anti-social behaviour.

What causes you the greatest concern in your street? For example, beggars, fly-tipping, speeding, gangs?

Have you been in contact with any of the authorities such as police, fire, local authority or health and, if so, how was the response?

How confident are you that the police would be there if you needed them?

What is “My Community Alert”?

“My Community Alert” is a free messaging system operated by Humberside Police and Humberside Fire & Rescue Service, giving you live information about incidents happening in your area. Choose how you receive messages, by either phone or email, how often you want to hear from us and about the issues that matter to you. When something happens that you’ve told us you want to hear about, your local officer will send you the details, whether that’s notice of a road closure due to a collision or a burglar who has been caught in a nearby garden. Subscribe to My Community Alert to be the first to know about issues that might affect you or your family. Parish/Town News Release

5. Scams / Crime Prevention / Public Safety.

Scams involving the unexpected receipt of a laptop, or being asked to receive one, usually fall under several fraudulent schemes designed to steal money, personal information, or to turn the victim into a "money mule."

CRIME PREVENTION

Protect your home this summer

Officers in Hull and East Riding of Yorkshire are currently investigating several reports of burglary across the region.

With the summer months promising warmer weather and lighter nights we would like to take this opportunity to spread the word about measures that the public can take to prevent and deter this type of crime occurring.

Detective Chief Inspector Lauren Clough said: "I understand that burglary is an incredibly intrusive crime, and it can lead to victims feeling vulnerable in their own home.

"If you see something suspicious or have any information that may assist in our investigations into this type of crime, please contact us on 101, your information may be the missing piece of the puzzle which enables us to take action.

"Throughout the summer as part of Op Coastline and regular patrols, teams across the force are out and about regularly speaking and offering advice to local residents and businesses in order to help the community protect their property from being the target of crime.

"During the warmer months, naturally people are more likely to open windows and spend time in their gardens, however I would urge the public to always bear the security of your house in mind, especially over the summer.

"Please ensure doors, particularly back doors and conservatories are locked when not in use, and that windows are closed either when you are not in that area of the house or leave the property.

"Small steps like these increase the security of your home and dissuade would-be opportunist criminals from attempting to enter your home."

Buying and Selling Pets Online - Trigger Fraud Alert #40 (June 2026)

Parish/Town News Release

Thinking of buying a puppy, dog, or other pet online? Be careful.

Humberside Police are warning people to be vigilant following recent reports of pet fraud affecting buyers online.

Fraudsters often advertise pets that do not exist, ask for deposits before viewings, or claim that animals can be delivered by courier if payment is made in advance. Before purchasing any pet, please consider the following advice:

Stay Safe When Buying a Pet

- 🐾 **Never pay a deposit or full payment upfront** until you have seen the animal in person and carried out appropriate checks.
- 🐾 **Do your research.** Check the seller's profile, reviews, and online presence. Search their name and contact details online to identify any concerns.
- 🐾 **Be wary of courier arrangements.** Fraudsters may claim the pet will be delivered to your home and request transport costs in advance. Always independently verify any transport company by contacting them directly using details you have found yourself.
- 🐾 **Know the law.** Under **Lucy's Law**, puppies and kittens under six months old cannot be sold by third-party sellers in England. They must be purchased directly from the breeder or adopted through a recognised rescue centre.

Parish/Town News Release

🐾 **Check the animal's age.** Puppies and kittens should never be sold before they are eight weeks old.

🐾 **Ask to see health records.** Ensure vaccination records, worming and flea treatment information, and microchip details are provided before purchase.

🐾 **Research the breed and seller carefully.** Make sure you are buying from a legitimate and responsible breeder or seller.

For advice on buying a puppy safely, visit: www.dogstrust.org.uk/help-advice/buyer-advice

Dogs worrying livestock – is your dog on a lead?

Unfortunately with the spring like weather we have started to now see an increase in reports of livestock worrying and attacks by dogs on sheep & lambs

Every year, thousands of farm animals are killed or injured by dog attacks. Figures also suggest at least one dog a week is shot because of livestock attacks.

#OpRECALL is the national operation raising awareness around livestock worrying & attacks, and stands for: Responsibility, Education, Control, Accountability, Livestock and Livelihood. Simply put - your dog is your responsibility!

Things to consider:

- You must put measures in place to keep your dog under proper control when near livestock (Is the lead strong enough, is your fencing up to the job?)
- If you allow children or young people to walk your dog, are they strong enough to hold it if it pulls harshly?
- Work on the dog's recall in a safe place so that if they do slip the lead you have a plan B!

**** You should never allow your dog to be in a position where it could worry livestock ****

We will be out and about in the coming months to raise awareness around [#OpRecall](https://twitter.com/OpRecall).

The below has been shared from our colleagues at Cumbria Police Rural Crime Team.

Parish/Town News Release

Livestock worrying- new Bill

Yesterday saw The Dogs (Protection of Livestock) (Amendment) Act 2025 come into effect, designed to allow Police stronger enforcement powers and Courts higher penalties to tackle this continuing problem.

Key changes...

Fines increased from £1000 to unlimited

Definition of livestock expanded to include camelids (such as alpacas and llamas)

Locations for the offence have been broadened to include public paths, roads and bridleways

Increase of police powers to detain dogs responsible for attacking or worrying livestock

Ability to obtain warrants to enter premises and search to seize, detain or take samples from dogs

Remember, the offence of “worrying” doesn’t require physical contact. Chasing, running at or causing panic to livestock are all forms of worrying. It is YOUR responsibility to keep your dog under control around livestock. We would always urge people to use leads to ensure full control. This offence is totally avoidable if dog owners behave responsibly.

Reports of Courier Fraud are rising - Learn how to spot the signs

Reports of courier fraud, also known as impersonation fraud, are increasing in our area. This week alone, our Economic Crime Unit has launched two investigations following reports from residents in Hull. We want to make sure you know how to protect yourself.

Courier Fraud involves individuals falsely impersonating someone you trust. This may be a member of family, police officer, bank official or any other trusted organisation. This can be online or over the phone.

These fraudsters impersonate trusted individuals or organisations in attempt to take money from their victims. They often instruct victims to withdraw large sums of cash, claiming it will be collected by a courier, or ask them to send the money through the post.

These calls can look legitimate, and scammers use devices that can change the appearance of their phone number on your device. If you receive an unexpected call that you think is a scam, hang up, wait a few minutes, and call 101 to contact the police.

Please share this information with anyone you know who may be susceptible to this kind of phone call and inform them of this type of scam, remember:

The police will never call you and ask you to verify your personal details, ask for your PIN by phone or offer to pick up your card by courier.

Parish/Town News Release

The police will never send a courier to your home to collect bank cards, cash or other valuable items.

Don't trust caller ID display on your phone – it is not proof of identity

 You can also download the 'Friends Against Scams' App to keep up to date on the latest scams, and use their Ask Silver AI checker to assess the trustworthiness of a website or text you have received. To find out more click here: <https://www.friendsagainstscams.org.uk/>

 If you believe you have been a victim of fraud, call 101 to report it to police or alternatively report fraud online at: <https://www.reportfraud.police.uk/> 

Advice - Rogue Traders and Cold Callers

Humberside Police receive many reports each year about Rogue Traders or Cold Callers trying to force people to buy things or pay for work to be completed.

On many occasions it is the most vulnerable members of our community that are targeted.

Please read the below advice to assist in dealing with situations like this -

- If you are worried about who is at the door, do not open it.
- Don't allow colder callers into your address.
- Don't be forced into making a decision to buy something.
- Be aware, if issues such as holes in guttering are highlighted about your home, this is a tactic that criminals use. If work is agreed, then the price will keep going up.
- Do not hand over any money, and refuse to be taken to the bank to withdraw money.
- If you believe the person is genuine, take a card and say you will contact them later, if they are genuine, they will not mind.
- Put a 'No Cold Callers' sign on your front door or window.
- If you feel intimidated or threatened by a cold caller, shut the door and call the Police.

Please also find attached the Police Crime Prevention Handbook which covers a broad range of crime prevention advice.

The Police Crime
Prevention Handbo

If you feel that you have been scammed and would like to speak to someone face to face please come into your local police station for a confidential chat. It is highly likely that it will be a known scam and you will not be alone. If your local police station is closed or you are unable to get there promptly, please do not delay. Call Action Fraud or Humberside police on the numbers below for advice.

If you think you might have been a victim of fraud report it to Action Fraud by visiting actionfraud.police.uk or by calling 0300 123 2040, alternatively call Humberside Police on 101. In an

Parish/Town News Release

emergency or if a crime is in progress dial 999. If you have information regarding those responsible for fraud, please contact Crimestoppers on 0800 555 111.

HMRC's top tips for avoiding scams are:

- Recognise the signs - genuine organisations like banks and HMRC will never contact you out of the blue to ask for your PIN, password or bank details.
- Stay safe - don't give out private information, reply to text messages, download attachments or click on links in emails you weren't expecting.
- Take action - forward suspicious emails claiming to be from HMRC to phishing@hmrc.gsi.gov.uk and texts to 60599, or contact Action Fraud on 0300 123 2040 to report any suspicious calls or use their [online fraud reporting tool](#).
- HMRC Debt management teams do contact members of the public by phone about paying outstanding debts.
- If a customer (or agent) isn't confident that the call is from HMRC, we will ask them to call back. Depending on the circumstances and to give the customer confidence it is actually HMRC calling, information may be disclosed to the caller which only HMRC is party to
- Calls from the majority of HMRC offices will leave caller identification data, i.e. the number the caller has used to contact you from

Never click on a link and if in doubt make your own independent enquiries.
