The Norbiton ward panel meeting was held at the Queen Mary Hall Cambridge Gardens KT1 3NJ on 23rd October 2025 starting 18:30 Hours. It was opened by the Chairman and followed by introduction and apologies. There was a review of minutes of the previous meeting then the approval. In the Chairman's review he spoke about Violence Against Women and Girls and the ongoing issue of domestic abuse.

Members present agreed that a co-ordinated community response is necessary, as domestic abuse is often hidden by exerting control and power through coercion than physical violence.

There was a call out to raise awareness and create an atmosphere where victims can find help without fear of stigma or reprisals. Members were tasked to consider potential places for flyers to be distributed and informal chats with service providers to be available.

Alcohol and drugs can play a part not only as an escalator for perpetrators but also as a coping tool for victims.

The white ribbon day (25th Nov) could be a good opportunity to deliver bystander training so that everyone knows how to respond if a possible incidence is noticed.

The SNT Report was presented together with crime statistics for the months of July, August and September by PC Josh and PC Rorke MINORS and PCSO Geoffrey JJINGO. The Statistics showed a spike in shoplifting which is being tackled by obtaining timely crucial evidence and gathering intelligence. Store management and Staff are being encouraged to report shoplifting so that cases can be investigated and identified suspects dealt with. The need to install CCTV Cameras around car parking areas on the CRE estates and other identified hot-spots to deter theft from motor vehicles and help identify suspects was also discussed. Levels of reported crime has remained even, with no significant spikes although reporting appears to remain an issue.
