

NW Scheme Audit - Helsby - Kings Drive Neighbourhood Watch Scheme

Hi {FIRST_NAME}

I am Mike and I am a volunteer with Cheshire Neighbourhood Watch Association (CNWA) assisting with the administration of members and NW schemes.

- The Cheshire Police beat team that covers your area wants to get more involved linking in with Neighbourhood Watch coordinators.
- I am therefore currently reviewing the status of NW schemes in the Chester & West Cheshire area. As you will appreciate that over the years circumstances / personnel change.
- It is also essential that the data we hold for you is both current and accurate.

You are shown as being the coordinator of a scheme – **Frodsham - Helsby - Kings Drive Neighbourhood Watch Scheme**.

Question 1 - What is the current status of your scheme?

- Option 1 - The scheme is still active
- Option 2 - The scheme is inactive but I would like to 'revive' it
- Option 3 - The scheme is inactive / I am no longer performing the role of coordinator. (The scheme will be deleted)

Question 2 - Are the details we have on record for you correct?

- You are showing as a NW member since at least **27/03/2013** and last logged into your account - **No Login**.
- There is now a new log in process - **no PASSWORD required**
- Click on the link below which asks for your email address held on the account. It will then send you an email containing a link which then takes you to your account.

To assist you I have attached the latest Alert Guide For Neighbourhood Watch Coordinators (Jan 2026).

Request - Please note that many accounts stemming from the early 2010's do not have mobile phone numbers - it would be helpful if you could include that when checking your details (if not already on your record).

Question 1 - Option * + any comments / questions / assistance required in the text box

Question 2 (if applicable) - Confirm details are correct

Warning	Unless I receive a reply within 14 days then your account may be deleted as I cannot confirm the data we hold for you is compliant with legislation.
Article 5 Personal data shall be:	<i>(d) accurate and, where necessary, kept up to date; every reasonable step must be taken to ensure that personal data that are inaccurate, having regard to the purposes for which they are processed, are erased or rectified without delay ('accuracy');</i>
