COMMUNITY ALERT

Introducing...

The Cyber Helpline

The Cyber Helpline is a UK charity dedicated to supporting victims of cybercrime, digital fraud and online harm. It provides a **free 24/7 self-help service** and a **confidential helpline** for individuals and sole traders, offering guidance from volunteer cybersecurity experts to help victims manage and recover from cyber attacks.

NATIONAL TRADING STANDARDS
Scams Team

🚨 Friends Against Scams are working with The Cyber Helpline to help raise awareness of cybercrime and the support available to victims 🚨

The Cyber Helpline is a UK charity dedicated to supporting individuals and sole traders affected by cybercrime, digital fraud and online harm. Through its free 24/7 self-help service and confidential guidance from volunteer cybersecurity experts, they help people respond to and recover from cyber attacks.

As online scams and cyber threats continue to increase, access to trusted information and support has never been more important.

Find out more about staying safe online and where to seek help if you are affected by cybercrime: www.friendsagainstscams.org.uk/site-media/484316894/pdf

If you have been a victim of a fraud, please report to **Report Fraud** (previously Action Fraud) on **0300 123 2040** or visit <https://www.reportfraud.police.uk>
