August 2025

ASB, shoplifting and VAWG remains our main focus throughout August. With the summer in it's prime and warmer weather attracting people to our City, we are committed to ensuring the city is a safe place to work, live and visit.

With that in mind, throughout August, we have:

- **Increased Patrols:** PC Carver has continued targeting areas of anti-social behaviour where youths have been bothering businesses and members of the community. Recently, a Section 34 dispersal order was put in place around part of the Northgate ward, several youths were dispersed and a bicycle seized and PC Carver will continue to disrupt this behaviour.
- **Targeted offending:** Officers in CSU held a day of action targeting those causing anti-social behaviour and violence against women and girls. Officers in plain clothes and some in uniform worked together to identify offenders and deal with them robustly. This operation resulted in multiple arrests, vehicles seized and many persons dispersed. VAWG is a constant priority in day to day shifts for CSU and we encourage anyone to report those who act inappropriately, or harass female members of the public.
- **Tackling persistent problems:** Catapults remains on our radar this month as it continues to be highly reported. Reports have been made between the Northgate Ward and the St Stephen's Ward, near to the river. We are continuing to patrol our river side and rural areas around the city to deter this crime and encourage everyone to call 999 if they see a person using a catapult to harm wildlife, other people or to cause criminal damage. If someone is carrying a catapult but not actively using it, please call our non-emergency line on 101.

## Good work story:

Kent Police received two reports of an accosting in the City Centre of Canterbury during the hours of 22:00-23:00 on the 22<sup>nd</sup> August, where a male was intoxicated, following females and trying to grab them to take them away with him. He was reported to have been making controlling demands towards the females and was causing a great deal of distress. CSU officers flooded the area and located distressed females seeking refuge with security at a local club. Officers soon located the male suspect where he was swiftly arrested. All the women were spoken to and some were given assistance to get home safely.

We will not tolerate those who pose a risk to women and girls and treat members of our community this way. The Community Safety Unit strive to ensure our city is safe and that our community can enjoy it's vibrant night life safely. We strongly encourage you all to call 999 if you see any accosting or inappropriate behaviour.
