

## Neighbourhood Watch - Recognition of Community Service – Ian White

As a resident, councillor and Neighbourhood Watch volunteer, I have had the privilege of seeing first-hand the dedication, leadership and commitment that Ian has brought to our community over many years. Throughout that time, he has consistently demonstrated an unwavering commitment to public service, helping to strengthen the bonds between neighbours, foster community spirit, and support safer, more connected neighbourhoods.

Ian has been a steadfast champion of Neighbourhood Watch in St Albans. Through his guidance and stewardship, he has ensured that the scheme has remained a valued and effective force for promoting community cohesion, awareness and safety.

As Mayor of St Albans, I am proud to recognise Ian's outstanding contribution to our city and would like to sincerely thank him for his many years of dedicated service. On behalf of residents, volunteers, colleagues and friends across St Albans, I wish him every happiness and good health in his well-earned retirement and thank him for the lasting legacy he leaves behind.
