HELP KEEP YOUR COMMUNITY SAFE

Illegal use of off-road bikes, mopeds, Sur-Rons, e-bikes, e-scooters and quad bikes is causing concern across Wales. Riders are putting themselves and others at risk by using these vehicles on roads, pavements, parks and other public spaces.

This behaviour can lead to injuries, damage to green spaces and property, and intimidate local communities.

Tell us what you know, 100% anonymously.

Useful information includes:

- Where and when the bikes are being ridden
- Bike descriptions, colours or number plates
- Where the bikes are stored
- Who is riding them and what they were wearing
- Who is causing damage or putting others at risk

Know the law

Many off-road bikes can only be used on private land with the owner's permission. Council-owned land, including parks, beaches, playgrounds and car parks, is not private land. Riders can face having their bike seized, fines, driving bans or imprisonment.
