# MET ENGAGE

## Community crime-fighting

**We're transforming the Met to become a service that truly delivers for London's communities, and we need your help.**

Through our new platform Met Engage we want the public to get to know their local officers, help shape how we police their local area and have direct access to key information and advice.

This isn't just a platform for us to tell communities what we're doing in their area, it's an opportunity for them to tell us what's concerning them the most so we can take action on the things that truly matter to them.

Our service will be tailored to our communities.

**Make sure you have signed up, and understand how it can help you.**
