

Dear Reader,

As your Neighbourhood Policing Area Commander, I am committed to ensuring West Leicester remains a safe place to live, work and visit. I would like to take this opportunity to provide an update on some of the work currently being undertaken by your local policing teams and to highlight how you can help shape our priorities moving forward.

Our West Leicester Confidence Survey remains live, and I would encourage as many residents as possible to take part. The survey plays an important role in helping us understand how safe people feel in their communities, what concerns them most, and where we need to focus our efforts. When completing the survey, please provide as much detail as possible. The more information we receive, the better we can understand local concerns, identify recurring issues, improve our problem-solving approach and ensure we deliver a service that reflects the needs of our communities.

We are also continuing to pursue a range of measures to tackle those individuals who cause the greatest harm across West Leicester. As part of this work, we are currently developing a Criminal Behaviour Order (CBO) application relating to a young person linked to a number of robbery and theft offences across the area. A Criminal Behaviour Order is a civil order available through the courts that places restrictions on an individual's behaviour and activities. It is a valuable tool that enables us to tackle prolific offenders, disrupt offending patterns and protect communities from further crime and anti-social behaviour. Alongside criminal investigations, these orders help prevent further offences and reduce the impact that repeat offenders can have on local residents and businesses.

Neighbourhood policing remains focused on addressing the issues that matter most to our communities. This includes tackling anti-social behaviour, acquisitive crime, drug-related harm, violence and the activities of repeat offenders. We continue to work closely with partner agencies, local authorities, schools, housing providers and community groups to identify long-term solutions that improve safety and confidence across West Leicester.

Thank you for your continued support. By working together, sharing information and engaging with local officers, we can better understand community concerns and continue making West Leicester a safer place for everyone.

Yours sincerely,

Commander
West Leicester Neighbourhood Policing Area
Leicestershire Police

Inspector 786 Ryan Hayes
