## What matters to you

We have listened to you and the concerns you raised and will prioritise the following from October 2023.

### Priority 1: General Anti-Social Behaviour (ASB)

You said: ASB in general is an issue on the Charnwood East Parishes.

What we are going to do: Work with partnering agencies to tackle reported Anti Social Behaviour in the villages and local parks. Those identified will be given warnings about their behaviour using an incremental approach.

### Priority 2: Road Safety Issues

You Said: You have told us the road obstructions and nuisance motorbikes are an issue in the community

What we are going to do: The Team will consult with the local community to understand the key locations, but we ask that you report specific issues to the Leicester, Leicestershire & Rutland Road Safety Partnership

### Priority 3: Drug Taking / Dealing

You Said: You have told us that drugs are of a concern across the Parishes.

What we are going to do: Targeted patrols to identify drug dealers & drug users in key locations, disrupt them, and look to close down cannabis grows.

## What we are doing

- We will be working with parish councillors in partnership to identify specific locations of ASB across the Parishes.
- We will conduct Beat Consultations to identify key locations experiencing Road Safety issues. We would ask that you report specific issues to the [Road Safety Partnership](#).
- We will target known hotspot locations identified through Community Intelligence to tackle those causing harm.
- Community Consultations to hear your views which assists us in priority setting in the future.
