Drugs – Ongoing core priority - Intelligence – We continue to review and act on drugs intelligence. For operational and data protection reasons we are unable to give specific details of locations / premises or persons that we are currently investigating. We have been working with other agencies to tackle individuals of concern linked to drug misuse.

We ask that you **report any concerns** around drugs misuse that you have. You may have information that adds to an ongoing concern, and this can really help when we apply for Warrants. You can speak to us at Hornsea Police Station in confidence or alternatively report anonymously via 'CrimeStoppers' at <https://crimestoppers-uk.org/>

Local Residential Homes – Ongoing Liaison

Hornsea officers continue with weekly drop-in sessions to several of our care establishments within the town. A proportion of reported crimes relate to individuals who may be suffering a mental health episode. It is our intention to reduce incidents of reported missing persons and potential offending by engaging with staff and residents at the earliest opportunity.

Road Safety - Vehicles with Defects and speeding

There has been a notable increase in vehicles with defective lights in the Hornsea area. In order to address this, we will be carrying out High Visibility patrols in the area concentrating on Routine Speed checks that our special constable colleagues will be assisting with. We will keep you updated through Social Media Posts and MyCommunityAlert awareness messages.

What is Humber talk?

Launched in 2018, Humber Talking is aiming to understand the needs of our local communities across Hull, East Yorkshire and Northern Lincolnshire.

It enables residents to meet local officers face-to-face and to share any concerns. Our aim is to hear the views of every single household across our force area.

What are the issues that affect your community that you want the police, our partners and community members to resolve? For example, road safety, criminal damage, drug dealing and anti-social behaviour.

What causes you the greatest concern in your street? For example, beggars, fly-tipping, speeding, gangs?

Have you been in contact with any of the authorities such as police, fire, local authority or health and, if so, how was the response?

How confident are you that the police would be there if you needed them?

What is “My Community Alert”?

My Community Alert is a free messaging system operated by Humberside Police, Humberside Fire & Rescue Service, and Humberside Office of the Police & Crime Commissioner, giving you live information about incidents happening in your area.

Choose how you receive messages, by either phone or email, how often you want to hear from us and about the issues that matter to you.

When something happens that you've told us you want to hear about, your local officer will send you the details, whether that's notice of a road closure due to a collision or a burglar who has been caught in a nearby garden.

5. Scams / Crime Prevention / Public Safety.

Reports of Courier Fraud are rising - Learn how to spot the signs

Reports of courier fraud, also known as impersonation fraud, are increasing in our area. This week alone, our Economic Crime Unit has launched two investigations following reports from residents in Hull. We want to make sure you know how to protect yourself.

Courier Fraud involves individuals falsely impersonating someone you trust. This may be a member of family, police officer, bank official or any other trusted organisation. This can be online or over the phone.

Parish/Town News Release

These fraudsters impersonate trusted individuals or organisations in attempt to take money from their victims. They often instruct victims to withdraw large sums of cash, claiming it will be collected by a courier, or ask them to send the money through the post.

These calls can look legitimate, and scammers use devices that can change the appearance of their phone number on your device. If you receive an unexpected call that you think is a scam, hang up, wait a few minutes, and call 101 to contact the police.

Please share this information with anyone you know who may be susceptible to this kind of phone call and inform them of this type of scam, remember:

The police will never call you and ask you to verify your personal details, ask for your PIN by phone or offer to pick up your card by courier.

The police will never send a courier to your home to collect bank cards, cash or other valuable items.

Don't trust caller ID display on your phone – it is not proof of identity

 You can also download the 'Friends Against Scams' App to keep up to date on the latest scams, and use their Ask Silver AI checker to assess the trustworthiness of a website or text you have received. To find out more click here: <https://www.friendsagainstscams.org.uk/>

 If you believe you have been a victim of fraud, call 101 to report it to police or alternatively report fraud online at: <https://www.reportfraud.police.uk/> 

Advice - Rogue Traders and Cold Callers

Humberside Police receive many reports each year about Rogue Traders or Cold Callers trying to force people to buy things or pay for work to be completed.

On many occasions it is the most vulnerable members of our community that are targeted.

Please read the below advice to assist in dealing with situations like this -

- If you are worried about who is at the door, do not open it.
- Don't allow colder callers into your address.
- Don't be forced into making a decision to buy something.
- Be aware, if issues such as holes in guttering are highlighted about your home, this is a tactic that criminals use. if work is agreed, then the price will keep going up.
- Do not hand over any money, and refuse to be taken to the bank to withdraw money.
- If you believe the person is genuine, take a card and say you will contact them later, if they are genuine, they will not mind.
- Put a 'No Cold Callers' sign on your front door or window.
- If you feel intimidated or threatened by a cold caller, shut the door and call the Police.

Please also find attached the Police Crime Prevention Handbook which covers a broad range of crime prevention advice.

Vehicle Lighting

Vehicle Light Safety Reminder

Please take a moment to check that all the lights on your vehicle are working correctly — including headlights, brake lights, indicators, fog lights, and reversing lights.

Faulty or non-working lights put you and other road users at risk. They can:

- Make your vehicle difficult to see, especially in poor weather or at night
- Prevent other drivers from knowing your intentions
- Increase the likelihood of collisions
- Result in penalties or fines

Regular light checks take only a few seconds and can make a significant difference to everyone's safety on the road.

Stay visible. Stay safe. Make sure your lights are working before you set off.

CRIME PREVENTION

When there are incidents taking place around the world that can affect the price of oil, we sometimes see a rise in fuel thefts, and whilst we have **not** identified anything at present, what is currently happening in the Middle East could lead to an increase in these types of offences.

Because of this, we wanted to provide you with some tips that will help **reduce the risk** of you becoming a victim of fuel theft, were you to be targeted.

5 tips for you to consider.

- **Check your storage tank regularly** - This will allow you to monitor if there has been a drop in the level. You could also consider an electronic system that will alert you to a drop in the level, that could mean a theft is in progress.
- **Install a tank lock/anti siphoning device** - This will prevent easy access to the tank and prevent fuel being siphoned out of it.

Parish/Town News Release

- **Ensure the tank is in a visible location** - A location where the tank is visible and well-lit is a deterrent when compared to a tank that is hidden away.
- **Use security lights and CCTV** - Security lights that illuminate the area around the tank make it easier to see someone near it, also CCTV that will provide an alert if motion is detected and suitable signage do act as a deterrent.
- **Look out for your neighbours** - Report anything suspicious around neighbouring business, properties, or streets. This should be done on 101 or on 999 if there is a crime in progress. Try and provide as much information as you can, especially if vehicles are involved.

I would also recommend that HGV drivers consider where they park, especially overnight, as we have seen HGV fuel tanks attacked when parked in lay-by's. Consider using HGV parking areas that are covered by CCTV or park in a secure yard.

Further crime prevention advice can be found on the [Secured by Design](#) website.

Parish/Town News Release

If you have information regarding those responsible for fraud, please contact Crimestoppers on 0800 555 111.

HMRC's top tips for avoiding scams are:

- Recognise the signs - genuine organisations like banks and HMRC will never contact you out of the blue to ask for your PIN, password or bank details.
- Stay safe - don't give out private information, reply to text messages, download attachments or click on links in emails you weren't expecting.
- Take action - forward suspicious emails claiming to be from HMRC to phishing@hmrc.gsi.gov.uk and texts to 60599, or contact Action Fraud on 0300 123 2040 to report any suspicious calls or use their [online fraud reporting tool](#).
- HMRC Debt management teams do contact members of the public by phone about paying outstanding debts.
- If a customer (or agent) isn't confident that the call is from HMRC, we will ask them to call back. Depending on the circumstances and to give the customer confidence it is actually HMRC calling, information may be disclosed to the caller which only HMRC is party to
- Calls from the majority of HMRC offices will leave caller identification data, i.e. the number the caller has used to contact you from

Never click on a link and if in doubt make your own independent enquiries.
