

According to the Office of National Statistics, Dorset remains in the top 10 safest areas in the country. BCP is a safe place to live, however tackling Violence Against Women and Girls remains a priority. All Women and Girls have the right to enjoy, and feel safe, being out and about in Bournemouth, Christchurch and Poole.

The BCP Unity Promise is a community lead initiative with support from BCP Council and Dorset Police. It sets a unified stance on the safety of Women and Girls in our local area, 24/7. Whatever the size, shape, or area of work a business/venue/organisation covers, there is always something that can be done to improve the safety of Women and Girls.

The Unity Promise itself is essentially a checklist containing practical steps for venues, services, operators and businesses to take to help make Bournemouth, Christchurch and Poole a great place for Women and Girls. It is a voluntary pledge to show your commitment to the cause and that you take Women and Girls' safety seriously.

Scan the QR code for how to sign up and more information!

By making the promise, you show your acknowledgement of the current issue and that you're ready to become proactive in improving Women and Girls' experiences within your venue, building, organisation, or service. We're building a strong network dedicated to making a positive change to Women and Girls' experiences across our local area, day and night. Whatever your organisation does for Bournemouth, Christchurch and Poole, there will be something you can do to better support the safety and experiences of Women and Girls.

Upon completion of the Unity Promise training, you will receive a window sticker, certificate and poster for your venue, the toolkit for action and refresher training and webinars.
