

ISSUE: **OCTOBER 2026**

#YouSaidWeDid : Priorities Chosen by You-

You Said- We need to tackle ASB involving young persons within Long Whatton.

We Did- The aim of this priority is to improve community safety and public confidence through early intervention, engagement with young people, partnership working and proportionate enforcement where necessary. We have already identified a collection of young persons involved and have engaged with them and their parents who are actively supporting officers.

You said - You want to feel safer on the rural roads around Belton and have reported a variety of road safety concerns.

We Did- Encourage mutual respect and consideration between motorists, cyclists, equestrians, farm vehicles and pedestrians using Belton's rural roads. This priority will focus on education, engagement and targeted enforcement to improve road safety, reduce dangerous driving behaviours and increase awareness of the challenges faced by all road users on the rural network.

You said - You want us to reduce the number of Heavy Goods Vehicles (HGVs) unlawfully using roads within Kegworth that are subject to weight restrictions, improving road safety and quality of life for residents.

We Did- Conduct operations around the village to stop suspected offending vehicles and take appropriate action. We will act against those companies identified as being responsible for directing their vehicles unlawfully through the village. We will update you on the outcome of these operations and help to raise awareness of the issue using social media to keep the wider community informed.

Stolen Tipper recovered-

Gone in 60 Seconds. Recovered in 20 Minutes!

After being stolen from its owner's driveway, this tipper truck was reported missing. Thanks to our local knowledge and understanding of the area, the [#ValleyBeatTeam](#) were quickly on scene and began searching known hotspots and tucked-away locations across the beat.

✓ Within just 20 minutes, we located the vehicle, had commenced CCTV enquiries and recovered it to a safe location for forensic opportunities.

The owner was understandably delighted to have their vehicle back so quickly, and even the insurance company was impressed by the rapid result.

Inspectors message- Halloween

"Good afternoon, everyone, I just wanted to take this opportunity to wish you a fun and happy Halloween and in turn provide access to the below link, which is poster that can be downloaded and printed. This can then be placed in a window at your home to inform people who are trick or treating whether you are taking part or not.

This can be a really fun and exciting time for many people, but it is appreciated that some people don't want to take part and don't wish to have visitors come to their address for many reasons. This poster can help inform people of your position and prevent any issues or problems going forward.

For those taking part in Halloween celebrations, I hope you have a spook-tacular time! For those who not taking part, I wish you a safe and peaceful evening.

Meet Your Local Team- PCSO 6517 Gallagher

“Hi, I am PCSO 6517 Tony Gallagher (First on the left) I have served in the Police for 23 years now, in a variety of different locations covering both the city and the county. I have been lucky enough to work in various roles within the force, including East Midlands Airport tackling terrorism offences and specialising in Rural and Wildlife crime. I hold monthly events in Castle Donington and Kegworth. If you see me out, please say hello

Driving Safety Reminder-

As we move into the colder months, changing weather conditions can quickly make our roads more challenging. Rain, fog, frost, ice and strong winds can all affect your vehicle's grip, visibility and stopping distances.

Our key advice:

- Slow down and leave more space
- Be prepared for changing conditions
- See and be seen
- Always check your vehicle before setting off
- Take extra care in fog and use your fog lights
- Watch out for ice
- Give plenty of space to vulnerable road users, such as pedestrians and cyclists

The best journey is a safe one. By taking a little extra time to prepare and adapting your driving to the conditions, you can help keep yourself and others stay safe on our roads this winter.
