

PCSO Monthly Ward Update

Welcome to your monthly South Portslade update, from your local ward PCSO Corriene Lynfield 43268

Ward Priorities:

- Shoplifting taking place at some stores on Boundary Road as well as the supermarkets in the area.
- ASB including irresponsible use of e-bikes.

Ward Update

I am aware of ongoing ASB in the ward, and this will most likely increase before it quietens down due to the weather, and I am aware that the school holidays will be a busy period.

I am hopeful that I will be able to get back out into my ward in the next coming weeks.

Ward Patrols

Unfortunately, I am still light duties and therefore I have not been personally able to get out into South Portslade myself. However, my esteemed colleagues have been covering some ward patrols for me.

Community Meetings

Again, due to not being operational I have not been able to attend any in person meetings.

If there are any meetings or visits you would like, then please do let me know so I can help arrange and get a colleague of mine to attend on my behalf.

Incidents of Note

I am aware that the Co-operative on ABINGER ROAD has been targeted recently with theft and assaults.

Thefts at TESCOs Express
