

# Tell TVL

**Thieves thrive on silence**  
**So lets make some noise**

**If you've suffered a van theft or break in,  
you're not alone and you're not powerless.**

**Now you can fight back.**

Tell TVL is an online community dedicated to tackling theft from vans through crime prevention advice and our new incident reporting service. Our secure platform is where people just like you can share information about van theft or break-ins.

Backed by police, we have created the UK's first real-time national database that can record all incidents of van crime, so we can build a true picture of the scale and nature of the problem.

In return, users will receive targeted crime prevention advice so you can be alert to all potential risks.

So, if you know someone who has been a victim of van crime, please ask them to Tell TVL and help stop more vehicle crime in a click:

**Tell TVL is proud to  
be accredited by:**
