### Ward Panel Survey

Tackling drug supply and linked violence remains a priority with Op Continuum, a Hackney and Tower Hamlets operation to tackle drug supply.

Increased visibility of police was commonly noted by residents. We have responded to this and the majority of time will patrol in full uniform.

### Your Dedicated Ward Officers

Dedicated Ward Officers conduct regular highly visible patrols across the ward to deter and disrupt criminal activity and Anti-Social Behaviour. They hold regular crime prevention events, public contact sessions and community meetings to hear about the issues that matter most to you. They also carry out proactive police work to deter, disrupt, and detect crime.
